

NELLA™  
VUSleeve®

Single-Use Tissue Retraction Sheath  
Developed with OB-GYN Providers and Patients

# The Only Sleeve Designed for a Speculum

- Retracts vaginal sidewalls
- Protects vaginal tissue
- Reduces need for wider specula
- Increases patient comfort<sup>1</sup>
- Fits most specula
- Designed to grip speculum

In **80%**  
of exams, VuSleeve helped  
providers visualize and access the  
patient's cervix better than if they  
hadn't used it<sup>1</sup>

The first-in-class, single-use tissue retraction sheath.

**with VuSleeve<sup>1</sup>**  
sidewall tissue retracted

**without VuSleeve<sup>1</sup>**  
sidewall tissue encroachment

**Improve exams** for all patients, including those with sidewall laxity or excess tissue.

**Use VuSleeve for:**

- General gynecology exams
- Colposcopy
- Hysteroscopy
- Biopsies
- IUD insertion & removal
- Other in-office procedures

**Provider Needs**

	Speculum with VuSleeve	Speculum alone
Sidewall retention <sup>1</sup>	✓	✗
Improved visualization & access <sup>1</sup>	✓	✗
Keeps procedures timely	✓	✗

**Patient Needs**

	Speculum with VuSleeve	Speculum alone
Allows for use of smaller speculum	✓	✗
Protects sidewall tissue	✓	✗
Reduced risk of pinching	✓	✗
