

Global Congress on Hysteroscopy 2021

Visit the virtual booths of three of Normedi's close partners; Hologic, FzioMed and RZ Medizintechnik.

Registration is open and basic participation is free of charge!

During the last four years, the Global Congress on Hysteroscopy has contributed to spreading hysteroscopy around the world. This year GCH is taking place each Saturday afternoon throughout the month of May. The Board includes representatives from ALL international endoscopy societies, as well as a group of relevant and independent hysteroscopists.

Explore **Hologic's** Virtual GYN OR Room and learn more about minimally invasive treatment options. Clinical Data and product information for MyoSure, NovaSure and Omni is available for download. See Hologic's latest release, Fluent – a game changer for hysteroscopic fluid management.

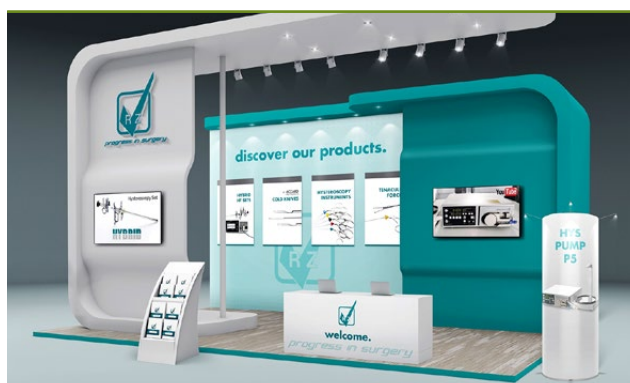

Symposium

Optimising Hysteroscopy Procedures in the Outpatient Setting
